The enclosed tentative agenda suggests subject matter to be addressed, including recommended participants.

We should like to have you participate on a panel of witnesses who have appeared before Congressional Committees in support of the NFIP to give the participants your views on testifying before Congressional Committees, and the most effective methods of doing so, as well as the benefit of your own experience. The DCI will be with us, at least for the evening session on the 11th. We hope that you will be able to join us. Please let us know of your availability as soon as possible by telephoning [redacted]
